Catalyzing Progress: Leveraging Concessional Finance for Development in Asia and the Pacific

Erik Aelbers –
Asian Development Fund 14

Key Challenges Addressed by ADF 14

**Remaining
poverty**

Inequality

**Persistent
gender
gaps**

**Increasing
climate change
and disaster
risks**

**Insufficient
investments
in RCI (RPG)**

**Growing
debt
vulnerabilities**

**Weak governance
and institutional
capacity**

**Limited
private sector
development**

**Quality
infrastructure
gaps**

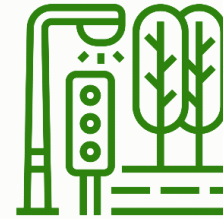

**Challenges
in SIDS
and FCAS**

ADF 14 Strategic Directions

Supporting the Poorest and Most Vulnerable

Supporting Thematic Priorities

Supporting Countries in Crisis

Facilitating Knowledge Transfer and Capacity Development

ADF 14 Financing Framework

\$5.0 billion replenishment

Substantial increase from \$4.1 billion in ADF 13 cycle (2021–2024)

Strong partnership

\$2.6b (ADF donors) + \$1.6b (ADB income transfers) + \$0.8b (other sources)

Largest-ever grant volumes

\$4.0 billion in total ADF grants available, from \$3.2 billion in ADF 13

Leveraging concessional

\$8 in grants & concessional loans for every \$1 in donor contributions

ADF 14 Components

Country Allocations (\$1,429m)

- performance based allocations
- economic vulnerability premium

Thematic Window (\$954m)

- climate change adaptation and disaster risk reduction
- regional cooperation and integration, including regional public goods
- SDG 5 transformative gender agenda

Community Development Window (\$1,115m)
for the People of Afghanistan and Myanmar

Crisis Response Window (\$272m)

Private Sector Window (\$68m)

Debt Distress Reserve (\$148m)

Technical Assistance Special Fund 8 (\$560m)

Key ADF 14 Results Framework Targets

SIDS **32.5%**

- *At least 32.5% of committed ADF 14 grants by volume will support SIDS*

FCAS **40.0%**

- *At least 40.0% of committed ADF 14 grants by volume will support FCAS*

Climate **45.0%**

- *At least 45.0% of committed ADF 14 grants by volume will support climate change mitigation and adaptation (excl. community development window)*
